CAR WASH SPONGE

Thanks to its high absorbency capacity, Ess-Ma's soft car sponge gently and effectively removes dirt without damaging the paintwork. The sponge, manufactured from high quality material, is ergonomically formed and fits well in the hand.

In addition to cars, the sponges are ideal for washing caravans, cars, boats and motorcycles. In addition to the paint surface, a car sponge also cleans glasses, windows, mirrors, plastic and chrome parts and rims. The sponge works with various detergents and can also be used to help apply wax.
